**SECTION III: NARRATIVE****BILL SUMMARY**

This analysis is neither a formal Attorney General's Opinion nor an Attorney General's Advisory Letter. This is a staff analysis in response to an agency's, committee's, or legislator's request.

**Synopsis:**

House Bill 105 is an act amending the reporting system requirements for campaign and lobbyist reporting. The first part of the act changes the way campaign reports are filed and stored with the secretary of state. HB105 requires that all reporting be done electronically, and that the system in place by the secretary of state allow access to the information for the public in an easily accessible format. It also creates the "campaign reporting system fund" for the purpose of paying for "upgrades, maintenance and operation of the electronic reporting system." HB105 also amends the reporting requirements for lobbyists to include electronic format, updated deadlines, and generally cleans up the language of the act. The bill also changes one of the expenditure reporting requirements from "the cumulative total of the expenditures" to "each expenditure of seventy-five dollars (\$75.00) or more." HB105 also requires that the secretary of state ensure that the electronic reporting system be consistent and integrated with the electronic reporting system used for the Campaign Reporting Act, and include automatic notification to reporting individuals under the Campaign Reporting Act for contributions to them reported by lobbyists.

**CONFLICT, DUPLICATION, COMPANIONSHIP, RELATIONSHIP:**

- HB80 also deals with these statutory provisions but mostly focuses on changing the language in this section from "secretary of state" to "state ethics commission."
- SB11 removes some of the same language from 1-19-27 as HB105, but does not as much proposed language as HB105.
